

# KOCKÒN

FUEL ANTI-THEFT DEVICE

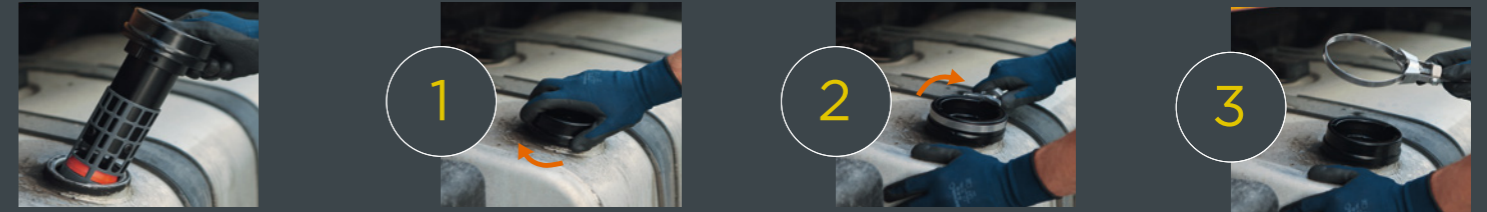

24/7 FUEL PROTECTION

**SECURITY    SIMPLICITY AND RELIABILITY    FUNCTIONING AT HIGH FLOW RATES**

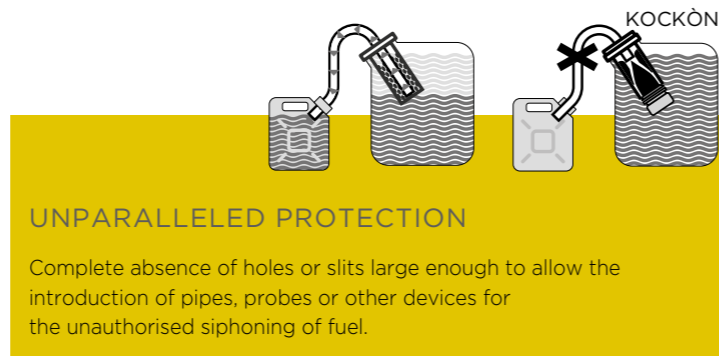

KOCKÒN IS THE FUEL PROTECTION DEVICE

It is recognized internationally as the solution with the highest standards in preventing fuel theft from the tanks of industrial and commercial vehicles. Kockòn is not simply a deterrent against the misappropriation of fuel from tanks, but thanks to its internal geometry, total absence of holes and cracks, and proven robustness, it protects your fuel from the first drop to the last!

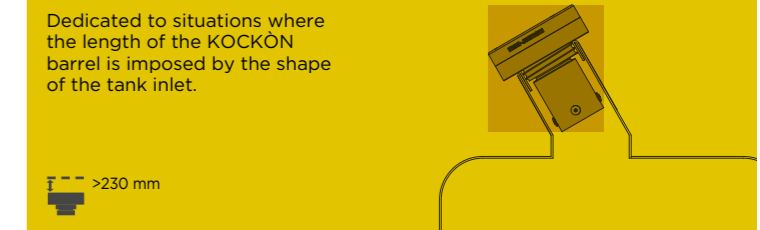

## INSTALLATION: AS EASY AS!

Kockòn is installed easily through a simple patented system which only requires you to insert and twist the device until it locks:  
**NO DRILLINGS - NO SCREWS - NO RIVETS - NO ADHESIVES - NO SEALANTS** are necessary.

COMPATIBLE WITH **95%** OF EXISTING ORIGINAL OEM FUEL CAPS
